

AIRPORT COMMISSION MEETING
February 9, 2012 at 8:30 a.m. at Airport

Present: John Caffrey, Tom McKenna, Mike Smith

Absent: Roger Gardner, Josh Reid, Terry Whittington

Also Present: Mike Hargrave Manger, Bob Moffit, Kim Bruner

Due to lack of quorum the following items were discussed and no action was taken.

Mike stated the results from the water samples taken near the old gas tank came back. They are going to retest again soon and hopefully the new test levels will be lower than the first test.

Monday, February 13th, the new fuel tanks should be set and construction should begin right away and hopefully the fuel system will be finished by the end of the month.

Mike talked about contacting the newspaper to see if they can come and take some pictures while the new fuel tanks are being set for an article in the paper.

Mike stated that the locks on the doors to the building have been replaced and rekeyed. The labor and parts for the electronic key pad and new locks on both doors came to \$936.00.

Mike had to have to starter replaced on the black courtesy car and he is going to contact the Pilot's Association and ask them to pay the cost for the repairs.

Mike and John will be gone to the Airport Conference in Lansing February 20th – 22nd. Bob will be available for assistance if needed.

Meeting ended at 9:02 a.m.

Kim Bruner / Secretary
